

Pakistan – A Welfare State & Constitutional Framework

High-detail academic coaching notes covering Islamic welfare principles, state responsibilities, and democratic socio-economic justice.

Core Concept: What is a Welfare State?

Chapter 10 Overview

Definition & Scope

A welfare state ensures social security, basic needs, economic justice, and fundamental human rights for all citizens without discrimination of caste, creed, or colour.

100%

Commitment to Islamic Social Justice

Pillars of Pakistan as a Welfare State

Foundational principles derived from Islamic ideology and constitutional mandates.

Socio-Economic Justice

Equitable wealth distribution through Zakat system.

Protection of Minorities

Full freedom of worship and cultural preservation.

Universal Education

Character building and modern knowledge access.

Rights & Responsibilities in an Ideological State

State Obligations

Rule of Law: Equal protection before Shariah and Constitution.

Basic Needs: Provision of food, shelter, clothing, and healthcare.

Employment: Creating fair livelihood opportunities.

Citizen Duties

National Loyalty: Prioritizing state interest over regionalism.

Honesty & Diligence: Ethical work and civic responsibility.

Law Compliance: Respecting legal frameworks and institutions.

Constitutional Foundation of Welfare

Evolution of Islamic provisions in Pakistan's constitutional milestones.

Step01

Objective Resolution

Passed in 1949; sovereignty rests with Almighty Allah.

Step02

Constitution of 1956

Islamic Republic declared with federal parliamentary structure.

Step03

Constitution of 1973

Permanent constitution embedding Islamic Ideological Council.

Economic Models: Western vs. Islamic Welfare

Feature	Western Capitalist System	Islamic Welfare System
Wealth Distribution	Concentration in few hands	Circulation via Zakat & Sadaqah
Core Objective	Materialistic profit maximization	Social equity & moral uplift
Social Security	Tax-based state support	Divine moral obligation & community care
